

**MAPPS NOAA Liaison Committee Meeting
NOAA Coastal Services Center
Miki Schmidt – 843.740.1237**

FY 09 Contracting Summary

**1. Coastal Geospatial Services Contract
Primes: Dewberry, Fugro EarthData, PhotoScience, Sanborn**

- 32 task orders awarded
- Value: \$3.1M

Tasks awarded in '09

- C-CAP in Washington/Hawaii
- High resolution land cover in Pacific Islands
- Bathymetric Surveys in Hudson River
- SeaWiFS licenses
- Benthic mapping in Florida
- Metadata Management
- Development of E-Learning Modules
- Marine Planning Workshop
- Elevation Breakline Workshop
- Coastal Georgia Lidar
- San Francisco Bay Lidar
- GIS training

2. Technical Support Services Contract

- Second Year Value \$7.1M
Prime: The Baldwin Group

FY10 Outsourcing Estimates

1. Coastal Geospatial Services IDIQ

- 20-30 task orders
- Estimated Value \$3-5M
- Current contracts end July 31, 2010
- Re-compete solicitation issued late Nov
- Proposals due mid-January
- Anticipated award date late summer 2010

2. Technical Support Services Contract

- Third Year Estimated Value \$6.5M

Contracting Successes/Challenges

1. Successes

- Streamlined task order award process with CGSC
- Partnerships are continuously improving
- Incorporating lessons learned into new tasks
- Open communications – issues addressed promptly
- Task Order Management Information System (TOMIS)
 - USGS in process of implementing for GPSC II
 - USDA NRCS testing
 - NOAA CO-OPS testing
- MOU's w/ states in place – FL, CA, GA, NC, WA, MA, MI and SC
- MOU's in progress – NY, CT

2. Challenges

- New contract approval process
- Funding
- Establishing MOU's with states; requires up front funding

Coastal Services Center Geospatial Priorities for FY10

- 1. Building the Digital Coast: Data, Tools, Training, and Digital Coast in Action**
(www.csc.noaa.gov/digitalcoast)
- 2. Integrated Ocean and Coastal Mapping**
- 3. Coastal Georgia Elevation Project**
- 4. Great Lakes Restoration Initiative**
- 5. Multi-purpose Marine Cadastre in support of Marine Spatial Planning**
- 6. Coastal Change Analysis Program (C-CAP)**
- 7. High resolution elevation (topo and bathy) data (coastal inundation/sea level rise)**
- 8. CGSC re-compete**
