

MAPPS Meeting Notes
November 10, 2006

New Director, Adm. Murrett: started mid-July – formerly w/Navy

No major changes

A lot of org. changes prior to new Director

Scott White – former S director, went to CIA

Capt. Sherman – Business Director (BX) and Jeff's boss

Three Division Chiefs

under Jeff: Jim Akers

Ken Peterman

Debi Olsen: retiring – no replacement. She will return part-time (announced) as a contract employee.

FY05: Went to consolidated task orders

- Many CLINS under each order
- They still don't/haven't seen FY07 spend plan, so they can't begin working T.O.'s
- Need to obligate 80% by March '07 – want to get packages
- Everything in to PRISM by 11/15
- Challenge is to get the Source packages out to the GOI contractors
- AC likes fixed price T.O.'s
- But new, risky, efforts can go out T & M
- Research & Library centers (ITIS) will be managed by BAE beginning January 1
 - o Calendar year effort & four option years.

FT. Belvoir is still on track for new site location.

Money is going up, but not as much as was hoped.

'07/'08 Looks very good, '09 levels out, and '10 is level (not going down).

Large CCI conferences have been done-away with.

Now – quarterly meetings for primes & niche (3 people each).

Self-certification (ISO) is still the emphasis.
