

MAPPS NOAA Liaison Committee Meeting
Miki Schmidt
NOAA Coastal Services Center

FY 06 Outsourcing

1. Coastal Geospatial Services Contract (CGSC)

Primes: Dewberry Co., EarthData International , PhotoScience Inc., Sanborn Mapping Company

- Approximately **10** task orders to be awarded
- Approximate value **\$2.5M**

Examples

- C-CAP in Southeast and Gulf Coast – Completing C-CAP baseline
- Lidar in Florida
- Submerged aquatic vegetation mapping in Texas
- Digital camera imagery in Mississippi
- ? Imagery in Louisiana and Mississippi (awaiting grantee request)
- Satellite imagery in various locations to support coral mapping for the Coral Reef Task Force (NOS Science office)

2. Technical Support Services Contract

Prime: I.M. Systems Group

- Second Year Value \$7.7M

Contracting Challenges/Successes

1. Successes

- Streamlined task order award process with CGSC
- Site visits
- Quality Workshop held March 1
- Partnerships are continuously improving
- Incorporating lessons learned into new tasks
- Open communications
- Finalizing process for others to use Geospatial Services Contract

2. Challenges

- Deliverable schedules
- Quality control

Funding Challenges

- Continued commitment to allocate portion of base budget to outsourcing; however, challenging during current trend
- Earmarks and other congressional interest

Priority Focus Areas for FY06

1. Land use/land cover mapping and change detection
2. Next generation C-CAP
3. High resolution elevation data
4. Benthic mapping

History of Contracting at CSC since 2000

Contract	2000	2001	2002	2003	2004	2005	2006
Technical Services	2.1M	3.0M	3.6M	4.8M	5.4M	6.5M	7.7M
Geospatial Services	0.2M	0.8M	3.0M	2.5M	3.0M	2.8M	2.5M (est)
