

MAPPS

Enabling Successful Geospatial Partnerships

WHAT IS MAPPS?

MAPPS is the preeminent national association of firms involved in many aspects and benefits of the geospatial field in the United States. Member firms are thought leaders in mapping, surveying, photogrammetry, satellite and airborne remote sensing, aerial photography, hydrography, GPS and GIS data collection and conversion services, technology development and geospatial products.

KEY MEMBER BENEFITS:

- **Expand Your Network & Drive Growth:** Connect with owners, executives, and technical leaders at top private geospatial firms—over 80 % report new partnerships—and join strategic discussions to uncover new markets and emerging issues.
- **Learn from Industry Leaders:** Attend in-person conferences on technical trends, industry best practices, and business strategies—featuring agency heads and peer case studies.
- **Year-Round Federal Engagement & Advocacy Alerts:** Through our liaison program and working groups, influence policy, get timely legislative updates, and act on organized calls-to-action.
- **Shape QBS & Fair Competition:** As a leading advocate for Qualifications-Based Selection, MAPPS works with federal and state agencies to ensure professional procurement standards and protect free-enterprise contracting.
- **Promote & Elevate the Profession:** Amplify private geospatial services to policymakers, clients, and the media—boosting visibility for our entire industry.
- **Build Future Leaders:** Enroll key staff in the MAPPS Emerging Leaders Program for targeted leadership development and succession-planning resources.
- **Committee & Working Group Participation:** Join issue-based committees on topics from procurement reform to small-business support, directly influencing the association's strategy
- **Celebrate Innovation:** Gain national recognition through the annual Geospatial Excellence Awards for outstanding projects, products, and services.
- **Member-Only Resources:** Access exclusive research, benchmarking data, and technology standards guidance to keep your firm competitive and compliant.

HOW TO JOIN
